

100,000 MEN LOST BY CROWN PRINCE IN WEST, SAYS PARIS

One Corps Alone Cut 40,000 During Numerous Attempted Drives.

MOST RECENT ATTEMPT IS REPORTED CHECKED

General Concerted Offensive on Part of Teutons Believed Close at Hand.

ARTILLERY DUELS RAGING

Great Guns Boom Uninterruptedly at Several Points, French Declare. Hartmanns-Weerkopf Scene of Severe Struggles.

PARIS, September 11, 2:35 p.m.—Last night saw uninterrupted artillery fighting at several points along the line in France, according to the communication given out by the French war office today.

There has been, furthermore, a particularly violent artillery engagement in the department of the Meuse and along the front in Lorraine.

Effort to Break Lines.

The violent fighting in the Argonne Wednesday and Thursday was the result of an effort of the army of the German crown prince to break through the French lines. The attempt was made with powerful artillery and a large number of troops. Apparently it has had no appreciable result.

The Germans were able to penetrate the French trenches on a portion of the front, but were checked immediately. They renewed their attacks again and again, but with such severe losses that they gave up the effort.

This offensive movement, it is said on good authority, has not modified the situation in the Argonne. In making it the Germans have had greater losses, according to the French official figures, than they have inflicted.

The army of the crown prince has attempted several times in previous months to break through the French front, but so far has scored no definite success. The statement is made here that this army has lost upward of 100,000 men, one corps alone losing 40,000 from the ranks.

General Offensive Expected.

The long-expected concerted offensive in the west will not much longer be delayed by the Germans, it is believed. In recent attacks the Germans claim that they were enabled to occupy some French trenches.

Hartmanns-Weerkopf, which was taken by the French during their spring and summer operations, probably has been the scene of as much hard fighting as any place on the whole front. It has changed hands several times. Thursday the Germans by assault again got a footing on the summit, but, after a short time, they were driven down again during the night.

WOULD ADD 700,000 TO ARMY.

Proposition in France to Recruit From Colonies and Protectorates.

PARIS, September 11, 5:50 a.m.—Deputy Pierre Masse has prepared for introduction in the chamber a bill providing that natives of French colonies and protectorates be recruited for service in the army.

It is estimated that this step would add 700,000 men to the forces in the field by next spring. The excellent service given by the large number of natives now at the front has resulted in the proposal that they be used on a much larger scale.

RUNS ELECTRIC TRAINS.

Pennsylvania Inaugurates Service Between Philadelphia and Paoli.

PHILADELPHIA, September 11.—The operation of electric trains for passengers between this city and Paoli, Pa., was inaugurated by the Pennsylvania railroad today. For the present the electric service will be limited to four round-trips a day, the remainder of the schedule being continued with steam trains. As soon as practicable, however, the company announced, more electric trains will be added and the steam service discontinued.

The work of electrifying the main line between Broad Street station and Paoli, a distance of twenty miles, consumed more than two years, and cost approximately \$4,000,000.

Testing F-4 Ballast Tanks.

HONOLULU, T. H., September 11.—The ballast tanks of the wrecked United States submarine F-4, now in drydock, are to be tested, it became known today. It is believed the tests may furnish some clue to the cause of the disaster. The board of inquiry expected to conclude its investigation today.

DR. DUMBA LEAVES FOR SUMMER HOME

Confers With Count von Bernstorff, But Neither Will Discuss Recall.

GERMAN ENVOY DENIES HE UTILIZED ARCHIBALD

British and French Press Expresses Gratification at President Wilson's Action.

CAPT. FRANZ VON PAPPEN.

NEW YORK, September 11.—Dr. Constantin T. Dumba, Austro-Hungarian ambassador, whose recall has been requested by President Wilson, left here today for his summer home at Lenox, Mass. Dr. Dumba was accompanied by his secretary, Prince von Hohenlohe, who waved aside newspapermen when they attempted to interview the ambassador.

May Issue a Statement.

Dr. Dumba's secretary, before he left, said the ambassador was quite reconciled to the request that he be recalled and was forced to maintain silence because of the position he occupied. After he had reached Lenox and had been able to think the matter over, he added, he probably would issue a statement defining his action.

The secretary said it had not been determined just when the ambassador would return to New York or how long he would remain in Lenox, but he intimated that his future movements would depend entirely upon developments.

Denial by German Ambassador.

Count von Bernstorff emphatically denied today that he had used or attempted to use James F. J. Archibald, the American messenger of Dr. Dumba, as a message bearer to Berlin.

"In view of the repeated assertions by several newspapers that I sent messages to my government by Mr. Archibald," said Count von Bernstorff, "I wish to state that I never gave Mr. Archibald a single paper or anything else. I thought I made this plain in Washington, but feel a repetition is now needed.

"I did not attempt to use Mr. Archibald as a messenger chiefly because I did not think it safe, and he certainly did not prove safe."

Approved by Mr. Taft.

TACOMA, Wash., September 11.—"In my judgment, the administration has pursued the only course open to it in the case of Ambassador Dumba," said

JAMES F. J. ARCHIBALD.

William H. Taft, in a statement given out here. "After the admissions made he could no longer be persona grata to the American government."

British Press Is Pleased.

LONDON, September 11.—The request for the recall of Dr. Dumba, the Austrian ambassador to the United States, and Germany's note to the American government concerning the slaking of the White Star liner steamer Arabic are the principal topics of comment in the London morning newspapers.

President Wilson's decision with regard to Dr. Dumba is approved by the newspapers as "a much-needed step."

FUNSTON'S TROOPS HAVE UPPER HAND

Able to Control Situation on the Mexican Border, He Reports.

SEE A HOPE OF PEACE IN REPLY OF CARRANZA

Officials Here Encouraged by His Willingness to Discuss "International" Questions.

With Gen. Carranza's reply to the pan-American peace proposals for Mexico at last on its way to Washington, and a statement by Secretary Lansing today that the peace conference which has been proposed is almost sure to be held, Washington officials were gratified to note another encouraging feature in the Mexican situation. Maj. Gen. Funston reported that the border situation now is under full control of United States troops.

The refusal of Carranza, noted in dispatches from Vera Cruz containing his reply to discuss "internal" conditions in Mexico, but the consent noted to discuss "international" questions leaves a loophole out of which, it was said in Washington today, much good may come.

May Bring About Peace.

If Carranza names delegates to the conference, and the participants with the Villa, Zapata and other delegates in the discussions to be held, a way for peace in Mexico may be had. The text of Carranza's note will be found in another column of The Star.

Gen. Funston reported that with the forces now under his command, he could patrol the entire Rio Grande river front from Laredo to the Gulf. "It is believed," Gen. Funston's message said, "that with the force now at my disposal it will be possible, in the course of a short time, largely to reduce if not prevent the activities of armed bands who may be either marauding bands from Mexican side or outlaws and horse thieves from American side."

Escape Across Border.

"It is well established that heretofore many individuals composing bandit bands, who have given us so much trouble, have been made up of persons crossing from the Mexican side and getting arms from concealed stores on the American side and have then started on prearranged raids. When pursued across the border, they have broken and recrossed into Mexico."

American's Release Demanded.

Information on the kidnapping of John Lowenbruck, an American ranchman, who was carried across the border from Columbus, N. Mex., and held for a ransom of \$2,000, was first communicated to the War Department yesterday, and after a conference between Acting Secretary of War Breckinridge and Secretary Lansing, representations were sent to Gen. Villa demanding that the ranchman be released. Columbus is about a hundred miles west of El Paso, Tex., bordering on the state of Chihuahua, which is under Gen. Villa's control.

Gen. Carranza's rejection of the pan-American appeal for a peace conference in Mexico, and his counter proposal for a meeting with the diplomat at some point along the Rio Grande to discuss Mexican affairs "solely from an international point of view" will be considered by Secretary Lansing and the other conferees at a meeting to take place in Washington within the next few days.

May Accept Proposal.

It was suggested here today that Carranza's proposal probably would be accepted, as possibly opening the way to a discussion through which an agreement for the settlement of the republic's affairs might be reached.

It was suggested here today that Carranza's proposal probably would be accepted, as possibly opening the way to a discussion through which an agreement for the settlement of the republic's affairs might be reached.

Other Subjects for Discussion.

Other subjects for discussion at such a meeting would be claims of foreign governments growing out of the Mexican revolution, and the ability of the Carranza administration to protect lives and property of foreigners.

The appeal to the Mexican leaders was signed by Secretary Lansing and the diplomatic representatives of Brazil, Chile, Argentina, Bolivia, Uruguay and Guatemala at a meeting in Archibald, a single paper or anything else. I thought I made this plain in Washington, but feel a repetition is now needed.

CLASH OF LEADERS PROBABLE.

Gen. Villa Demands Surrender of Property Held by Gen. Urbina.

EL PASO, Tex., September 11.—Gen. Villa was located, according to reports early today, in the vicinity of the ranch of Gen. Tomas Urbina, at Nivaria, eighty miles south of Santa Barbara, Chihuahua. Villa's purpose, it is said, is to compel Urbina to turn over a large amount of property to the Villa government.

Gen. Urbina, who has retired from the fighting line, is said to be surrounded by a large body of adherents. The possibility of a clash between the two leaders causes uneasiness here among Villa adherents.

JAPANESE PERIL CALLED "HUMBUG"

Senator Saulsbury Says Tokyo Statesmen Want Friendship of United States.

RETURNS FROM TRIP THROUGH FAR EAST

Great Opportunity for U. S. Trade in China, He Declares, as Friendliness to America Grows.

Senator Saulsbury of Delaware returned after a trip with Mrs. Saulsbury to Japan, China, Hawaii and the principal cities of the Pacific coast. On his visit to the Orient Senator Saulsbury met the rulers and principal men of the two greatest eastern nations, and devoted himself to a study of oriental affairs.

On his way to his home in Wilmington Senator Saulsbury talked interestingly with a Star correspondent. "All of this talk of the Japanese humbug," said the senator, "The Japanese are very friendly to us, particularly the educated people. I am sure that the responsible men in Japan do not want to raise the Japanese against the United States. The Japanese are a very proud and sensitive people. They glory in their progress, regard their form of government as a success, and consider their country one of the important nations of the world."

"They are very resentful of any suggestion of racial inferiority, and are proud not only of their progress in modern times, but of their achievements in modern times. At present, while Japan is a limited monarchy, the country is really controlled by the elder statesmen, who desire to be on good terms with the United States. Times will be better in Japan now that her difficulties with China are settled."

Only Cause for Break.

"I am firmly convinced," he said, "that a break between Japan and the United States could come about only as the result of a political crime. I found nothing in Japanese thought to lead me to believe that Japan anticipated, even in a remote degree, a disturbance of the friendly relations between the two nations."

"Count Okuma, who I believe is a real friend of the United States, assured me that Japan is in favor of the 'open door' policy in China, and that his country will carry out every treaty provision with America."

"Right now we have in China the

The usual Saturday golf game occupied the President's time this morning. He played over the course at Columbia Golf Club, with Dr. Cary T. Grayson as his opponent.

SPECIAL TYPE OF SUBMARINE.

Norwegian Government Places Contract With New York Firm.

NEW YORK, September 11.—The Norwegian government has awarded to the Electric Boat Company of New York, builders of the Holland type of submarine, contracts for a special type of undersize boats to be built for the company's design in a shipyard in Norway, according to an announcement made by the successful contractor today.

At the present time all the submarines in the Norwegian navy are of the Krupp type and have been built in Germany. Boat builders in England, Italy, Germany and the United States, it was said, competed for the Norwegian contract.

SAYS MILK LAWS ARE NOT ADEQUATE

Health Officer Woodward Insists Prosecution of Dealers Has Proved Futile.

TRIAL OF CASES BLOCKED WHEN ARRESTS ARE MADE

Urges That Congress Place Department in Control of Pasteurization.

Charging milk dealers of the District, against whom prosecutions have been entered for the alleged sale of unclean milk, with having resorted to every legal means to prevent trial of the cases, Health Officer William C. Woodward, in his annual report to the Commissioners today, urges legislation for improvement of the capital's milk supply.

There is urgent need for amendment of existing laws governing the sale and production of milk, and there should be legislation for the control of pasteurization, Dr. Woodward states. He also expresses hope that previous recommendations of the health officer providing for the sterilization of milk utensils and for the better control of milk bottles will be favorably acted upon.

Opposed by Milk Dealers.

With reference to the opposition of milk dealers encountered by the health department, Dr. Woodward refers to an attempt made by the department last year to publish the results of the bacteriological examinations of all pasteurized milk. This plan had been decided upon for the protection of consumers and announcement of the intention to put it into effect, the health officer states, "brought forth such a protest from some of the persons engaged in the sale of so-called pasteurized milk as to lead to a suspension of action by the health officer, under instructions from the Commissioners."

At this point the report takes up the department's efforts to prevent sale of unclean milk based upon bacteriological examinations. Up to the present time inspection dealers, the report declares, have been entirely successful in preventing cases from coming to trial.

The health department is for the present effectually prevented from proceeding with any prosecution in the sale of unclean milk, and at the same time the health officer states that the health department has been unable to secure the necessary evidence to bring cases to trial.

Not Properly Pasteurized.

According to the health officer the occurrence of foot and mouth disease in the District last fall gave impetus to the pasteurization of milk, and at the close of the year approximately 85 per cent of the entire milk supply of

BERLIN'S DEFENSE OF ORDER AS CAUSE OF ANXIETY

Officials Growing More Uneasy as to Relations With Teutonic Powers.

DR. DUMBA'S CASE AWAITS A RESPONSE FROM VIENNA

Inquiry Continues as to Conduct of Other Diplomatic and Consular Officials.

MAY SEND BERLIN NEW NOTE

United States Government Expected to Express Dissatisfaction With German Attitude on "Freedom of the Seas."

Future relations between the United States government and the governments of Germany and Austro-Hungary depend upon Berlin and Vienna. Officials regard the general situation as being far from favorable, and today there has been a tightening up of anxiety, following the information that a note was delivered to Ambassador Gerard by the German foreign office yesterday concerning the unsuccessful attempt by a German submarine to torpedo the Cunard liner Orduna several weeks ago, and that the German government has claimed justification for the attack on that ship.

Awaited With Uneasiness.

This note is being awaited here with uneasiness. Coming, as it will, hard upon the heels of a long series of occurrences, such as the torpedoing of the Lusitania, the Arabic and the Hoosier, in which American lives have been lost or jeopardized on the high seas, the note is expected to be a demand for adequate reparation, as well as following swiftly upon the necessity for asking the Austro-Hungarian government to recall Ambassador Dumba, and in the midst of investigation of charges against Germany and Austro-Hungarian embassy and consular officials, which are said to have contravened the rights of the neutrals maintained by the United States without adequate reparation, as well as following swiftly upon the necessity for asking the Austro-Hungarian government to recall Ambassador Dumba, and in the midst of investigation of charges against Germany and Austro-Hungarian embassy and consular officials, which are said to have contravened the rights of the neutrals maintained by the United States without adequate reparation, as well as following swiftly upon the necessity for asking the Austro-Hungarian government to recall Ambassador Dumba, and in the midst of investigation of charges against Germany and Austro-Hungarian embassy and consular officials, which are said to have contravened the rights of the neutrals maintained by the United States without adequate reparation, as well as following swiftly upon the necessity for asking the Austro-Hungarian government to recall Ambassador Dumba, and in the midst of investigation of charges against Germany and Austro-Hungarian embassy and consular officials, which are said to have contravened the rights of the neutrals maintained by the United States without adequate reparation, as well as following swiftly upon the necessity for asking the Austro-Hungarian government to recall Ambassador Dumba, and in the midst of investigation of charges against Germany and Austro-Hungarian embassy and consular officials, which are said to have contravened the rights of the neutrals maintained by the United States without adequate reparation, as well as following swiftly upon the necessity for asking the Austro-Hungarian government to recall Ambassador Dumba, and in the midst of investigation of charges against Germany and Austro-Hungarian embassy and consular officials, which are said to have contravened the rights of the neutrals maintained by the United States without adequate reparation, as well as following swiftly upon the necessity for asking the Austro-Hungarian government to recall Ambassador Dumba, and in the midst of investigation of charges against Germany
